

context-matching task

Let's have a look at this picture book. Now it is your task to help me make a match between the pictures.

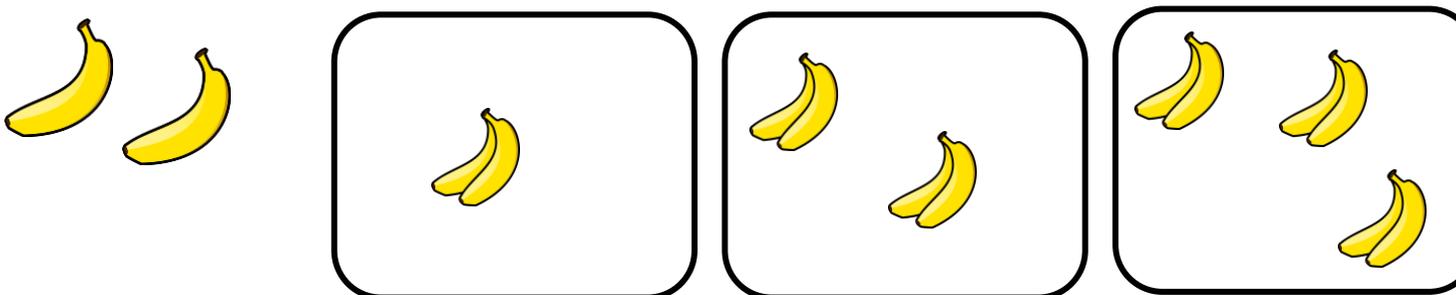

Here is an example: *Which picture of monkeys is a match for this picture?*

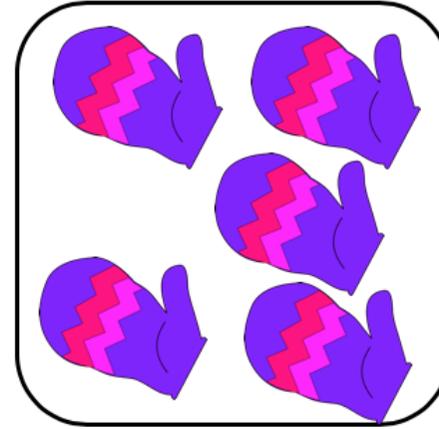

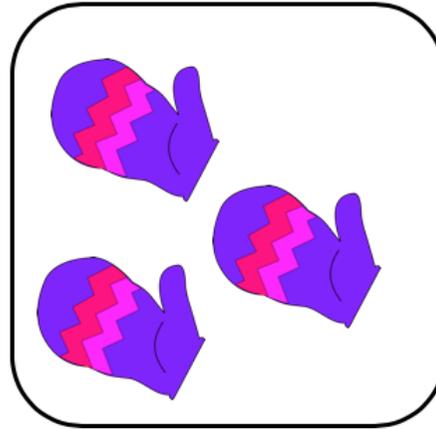

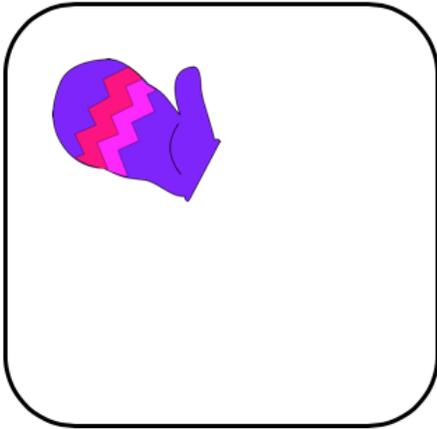

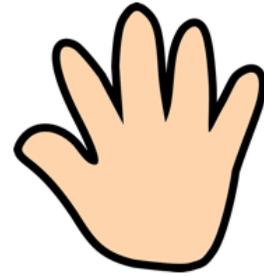

– *Yes, there are two bananas and each monkey eats one banana, so two monkeys are a match!*

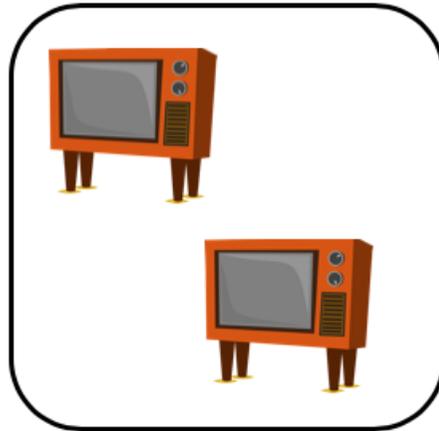

Here is another example: *Which picture of banana bunches is a match for this picture?*

– *There are two bananas and each bunch hold two bananas, so one bunch of bananas is a match!*
