01	<p>R: So, this is your Bedroom, and do you wake up by an alarm?</p> <p>P: Yeah, I use my phone alarm which is on the bedside table, to wake me up.</p> <p>R: OK.</p> <p>P: So, on a day shift, I would get up at 04:45 in the morning, so I would get up pretty much straight away, and I normally lay my clothes out next to the wardrobe.</p> <p>R: So, is that a uniform?</p> <p>P: Yeah, so I lay it out as it is an early start.</p> <p>R: OK, so you do not have much time.</p> <p>P: Yeah, so it needs to be fast and efficient.</p> <p>R: Ok.</p>	<ul style="list-style-type: none"> <li>Participant has a watch, glass of water, phone and charger on the bedside table, and a lamp.</li> <li>Clothes folded in a pile.</li> </ul>
02	<p>R: Then what?</p> <p>P: I'd go into the Bathroom, use the toilet and shower.</p> <p>R: Do you turn the Bedroom light on?</p> <p>P: No, I do not turn the Bedroom light on as my wife is asleep as it is early morning.</p> <p>R: What time will she get up?</p> <p>P: When she is at work, she is up by about 06:30.</p> <p>R: OK, so you do not want to disturb her?</p> <p>P: No, I try not to disturb her, so I come into the Bathroom, lights on in the Bathroom, use the toilet, shower and then brush my teeth.</p> <p>R: Yeah.</p> <p>P: Get dressed.</p> <p>R: In the Bathroom?</p> <p>P: Yes, in here (Bathroom), so I'd pick my clothes up, go into the Bathroom, then come back out, say goodbye to my wife, then usually, as I have just had a shower, I would go into the spare room.</p>	<ul style="list-style-type: none"> <li>Participant states that he uses the en-suite rather adjoined to the master bedroom instead of the family Bathroom located on the landing.</li> </ul>
03	<p>R: OK, so what time would this be roughly?</p> <p>P: It would be about 05:05, then I would use the mirror and do my hair.</p> <p>R: With the door shut?</p> <p>P: Yeah probably with the door shut so any noise does not wake my wife.</p>	<ul style="list-style-type: none"> <li>Participant closes the door behind him softly to minimise noise.</li> </ul>

04	<p><b>R: Yeah.</b></p> <p>P: Then I'd go downstairs and grab a quick drink (Kitchen). So I put the kettle on, kick the dog out and then get my shoes and coat on whilst the kettle is boiling.</p>	<ul style="list-style-type: none"> <li>Participant closes the door behind him softly to minimise noise.</li> </ul>
05	<p><b>R: So are your shoes out as well?</b></p> <p>P: The shoes are under the stairs, so whilst the kettle is boiling, I'd kick the dog out and then get my shoes on and then when the kettle is boiled, I would get a travel cup to take to work.</p> <p><b>R: OK.</b></p> <p>P: I do not eat breakfast here as I would have it at work instead as it is an early start. Yeah, so once I have made my coffee.</p> <p><b>R: Do you take any pack up?</b></p> <p>P: No, I eat at work.</p>	<ul style="list-style-type: none"> <li>Shoes arranged neatly in the Store.</li> </ul>
06	<p><b>R: OK.</b></p> <p>P: So once I've done my coffee, I let the dog back in and then head out.</p>	<ul style="list-style-type: none"> <li>Participant shows how he would lock the rear patio doors before leaving.</li> </ul>
07	<p><b>R: What time do you leave then for work?</b></p> <p>P: Normally, I leave at about 05:20.</p>	
08	<p><b>R: What time do you come back in from work?</b></p> <p>P: I'd come back for about 18:30</p>	
09	<p><b>R: OK, so take me through that, it is 18:30 in the evening and you walk through the door, and your coats and shoes are on?</b></p> <p>P: So, we would have a chat about our day and any issues we have had at work. Usually, if my wife has had a problem at work, I am the last to know as we do not have our phones on us when on the factory floor.</p> <p><b>R: OK, so if your wife has had an issue, how do you respond to that when you walk in?</b></p> <p>P: Well, depending on what the issues were, but normally we would have tea and try to talk it out. I sometimes tell her just to watch TV whilst I make dinner just to give her some time to relax.</p>	
10	<p><b>R: So, in the Kitchen.</b></p> <p>P: Yeah, we would start cooking for about 19:15 to eat for about 20:00.</p> <p><b>R: Is this planned food?</b></p> <p>P: Depends, depends on how organised we have been, sometimes we buy meals in or we have to make do with what is left over in the fridge.</p>	<ul style="list-style-type: none"> <li>No equipment or gadgets on the side in the Kitchen, the kettle only visible.</li> </ul>
11	<p><b>R: And are you in your work clothes at the minute?</b></p> <p>P: No, I would get changed before we start cooking. So I'd get in and have a cup of tea with my wife.</p> <p><b>R: Is this in the Living Room?</b></p>	<ul style="list-style-type: none"> <li>Gesture that they would sit side by side on the same sofa.</li> </ul>

	P: Yeah, or Kitchen.	
12	P: Yeah, so have a chat about our day, then I would get changed and start cooking dinner.	<ul style="list-style-type: none"> <li>• Demonstrates how he would go to the wardrobe and choose the closest item of clothing.</li> </ul>
13	<p><b>R: So where do you eat?</b></p> <p>P: We would eat at the table then tidy up the Kitchen, load the dishwasher up and yeah, go into the Living Room and watch a bit of TV and chill out.</p>	<ul style="list-style-type: none"> <li>• Placemats positioned on the dining table.</li> </ul>

15	<p><b>R: So what time would you be going to bed if you were on another day?</b></p> <p>P: We go to bed at 22:00.</p> <p><b>R: So you would then go upstairs and lay your clothes out again?</b></p> <p>P: Yeah, so it would be the same routine for the four day shifts, and then on my days off I would get up a bit later so probably about 09:00.</p> <p><b>R: So, on your day shifts it is really about efficiency?</b></p> <p>P: Yeah, so my alarm goes off at 04:45 and I am out of the door by 05:20/ 05:25, I just want to be up and have a coffee to go.</p> <p><b>R: Yeah.</b></p> <p>P: Then eat at work for about 07:30 time.</p>	<ul style="list-style-type: none"> <li>• Participant shows where clothes would be placed his when going to work the following day.</li> </ul>
